

Reece & Jouett
EXCEPTIONAL DENTISTRY

Dear Patient,

We appreciate your interest in our dental practice. You have probably noticed we want to set the standard for how dentistry should be practiced. When you visit our office, you will find a **unique and relaxing environment**. All our treatments are designed to be **painless, permanent and to exceed all your expectations**. We use state of the art technology and the most advanced techniques our industry has to offer. It is for these simple reasons that we believe our dental practice provides "**Exceptional Dentistry**." Our biggest strength lies not in what you see, but in how you are treated.

We specialize in two specific types of dentistry:

- **Aesthetic Dentistry:** We use the best materials and techniques available to get the very best result. Many dentists claim to offer "cosmetic services" but we have taken it to a new level. Doctor Reece and Doctor Jouett have completed numerous courses in cosmetic and functional dentistry.
- **Functional Dentistry:** When we perform functional dentistry, we are improving a patient's bite, improving the way the muscles and joints work together and providing proper aesthetics through the bite relationship. **A more functional bite can improve your appearance, remove wrinkles and make you look 10 years younger.**

When you enter our practice, you are experiencing dentistry at the highest, truly exceptional, level. **When you are filling out the enclosed forms, consider how you want your smile to be exceptional.** Ultimately, whatever treatment you receive is totally your choice. During the examination phase, we are only here to show you what the possibilities are.

Sincerely,

TMJ

A Message from Reece, DDS, & Jouett, DDS, Exceptional Dentistry

Ryan Jouett, DDS, LVIF, FICOI
